

Who we are

We opened in 2001. We serve children 6 weeks to 6 years. We are licensed by the Department of Early Education and Care and are accredited by the National Association for the Education of Young Children (NAEYC).

We are open from 7:15-5:15.

Our grounds have playgrounds, patios, a deck, a lawn and a new fenced in turf field.

Our Philosophy

We want to help children grow to their full potential in a safe, nurturing, and loving atmosphere. The curriculum will develop the whole child cognitively, socially, emotionally, and physically. The goal of our program is to provide developmentally appropriate activities that will challenge each child. We value each child's unique personality, feelings, and experiences of the family.

Our Activities

We have Yoga and Music incorporated into our days to create a mindful classroom and keep learning fun!

We use the Brightwheel which is a window into your child's day and easy communication, all from one simple app.

"Entrusting your children to someone else is so hard for working parents- but you helped give us peace of mind with the genuine love and care shown towards our children."
-A Past Kidoodles Parent

- **NAEYC Accreditation is a indicator of quality care in early education and care.**
- **Smart Teach (Teaching Strategies) online curriculum and assessment tool for each child based on the latest research and theory.**
- **We have great Family Events and support our community!**

Experienced Childcare Professionals

KiDoodles believes the family is the most important key to a child's education. Working together and keeping communication open, and having fun is what we are all about.

Our teaching staff have many years of experience working with young children.

Learning through play

Learning through play is a cornerstone of early childhood programs, providing children with a natural and engaging way to explore, discover, and develop critical skills. We foster creativity, problem-solving, and social interaction as children experiment with their surroundings and interact with peers.

*A safe place for
your children to
learn and grow!*
